

Keep it together.

Finances don't stay in order on their own.

That's where the healthcare eligibility advocates at **Advomas** come in. We have nearly 30 years of experience working with hospitals, patients, and government agencies.

And the relationships we've built allow us to find resources for our clients when others can't. In fact, we're the only eligibility services company that directly contracts with the State of Michigan.

We take care of the money, so you can take care of the people.
